2. Under the existing rules, the powers of disposal of estimates by the Presidents is limited to Rs 500 both in the case of original and repair works. The President, Kolar District Board, wants to know if all repair estimates may not be disposed of by the Boards. As the District Board have not got a competent technical assistant, some sort of limit is necessary in the case of estimates for repair works also. This may perhaps be raised to Rs 1,000 in the case of repair estimates and those exceeding the limit being got scrutinised by the Public Works Department.
